ORGANIZE BATTERY SATURDAY NIGHT

INSPECTION AT ARMORY AT 7:30 O'CLOCK.

THEN A BARNWARMING

Second Floor of the Building to Be Decorated With Products of the Farm.

Battery C of the National Guard of the State of Missouri will be organized in Maryville Saturday night, September 16, at 7:30 o'clock. The inspection will be in the armory in the new David Angell building on North Buchanan street, and will be conducted by Col. A. V. Adams of the National Guard and by Captain David L. Ruffner for the Department of War.

After the inspection there will be a barnwarming given by the battery on the second floor of the armory building. Captain E. A. Maynor, who has charge of the organization, today announced the plans for the barnwarming. He said: "This is going to be a barnwarming, not a tacky party. The men will be expected to be dressed in overalls and red handkerchiefs and the ladies should come appropriately garbed in gingham or some other material in harmony with the denim. The best orchestra obtainable will be had and it it planned to have a real time for all."

The hours for the barn warming will be from 9 o'clock until midnight.

The members of the football squad at the State Teachers College will be the guests of the battery for the evening.

The walls of the armory will be decorated with corn stalks, wheat and oats and the lights will be covered with pumpkin shells. Occasionally a light will peek through a bunch of corn.

Instead of luxurious lounges and seats the guests will seat themselves on bales of hay and everything will be in harmony with a real barnwarming to carry out the spirit of the harvesting season.

Refreshments will be served.

RESTAURANT BUSINESS PICKS UP IN MARYVILLE

Eating Houses Are Crowded Now for Every Meal—Are Popular Place For Students

The restaurant business has picked up remarkably in Maryville in the last two days. Prior to this time it was possible to enter a restaurant and eat and get out again within a short time but since the State Teachers College has opened for the fall term the eating houses are crowded to capacity.

Many of the students take all of their meals at the restaurants and practically all of them eat at least one meal of the day down town somewhere.

When the cafeteria opens in the new dormitory, however, a good many of the students will go out there.

NEW YORK LEAGUE TEAMS ARE IN THE LEAD

Standing of the Teams Is Shown—Yanks Have 2-Game Lead Over the Browns

With the end of the big league baseball season not far off both New York teams are in the lead. The Giants have a safe margin and the Yanks have attained a two-game lead over the St. Louis Browns. The Browns are much handicapped by the loss of Sisler, who is out for a week at least with a bad shoulder.

The standing of the teams in the two major leagues follows:

National League

	W.	L.	Pct.
New York	82	53	.607
Pittsburgh	78	59	.569
St. Louis	75	62	.547
Cincinnati	74	63	.540
Chicago	72	63	.533
Brooklyn	67	69	.493
Philadelphia	48	85	.362
Boston	46	88	.343

American League

New York	85	84	.612
St. Louis	84	56	.600
Detroit	73	68	.518
Chicago	70	70	.500
Cleveland	68	71	.489
Washington	62	74	.456
Philadelphia	57	80	.416
Boston	56	82	.406

The Rev. and Mrs. D. W. Conner of Farragut, Ia., motored to Maryville yesterday and spent the day with their daughter, Mrs. W. E. Goforth, and family.

REPORT OF AUDIT OF COUNTY READY NEXT WEEK

It Has to Be Sent to State Auditor Hackmann for His Approval Before Being Sent Here

The report of the audit of the various county offices of the county since 1909 will be made public some time next week, according to Fred Mayer, one of the auditors who is in Maryville today. Mr. Mayer stated today he thought the report would be ready to send to State Auditor Hackmann next Monday. The report will have to be approved by Mr. Hackmann before a copy is sent to the county court here.

Mr. Mayer is in the city today getting some more information. He returned to Kansas City this evening where the auditors are making out their report.

No information has been given out as to the contents or the nature of the report.

WILL BE PLENTY OF COAL HERE

BUT LARGE ORDERS CANNOT BE FILLED JUST NOW

CARS MOVE SLOWLY

With Settlement of Rail Strike This Situation Should Be Relieved

There is no danger of people in Maryville having to go to the garage to keep warm by the heat from the radiator of the "Lizzy" because they are unable to get coal this winter, according to local dealers. They have some coal on hands and considerable in transit. They say, however, that they are not able to fill the basements of all those who ask for it just yet and desire in most cases to supply the householder with only a load or two at the present time to insure him of heat in case there should come a snappy day early in the season.

C. C. Hellmers, manager of the Maryville Electric Light and Power Company says that he is still using oil in part for fuel at the light plant but has considerable coal in transit and that he expects to have sufficient amount piled up by the time he turns on the heat in the business houses the first of November to supply all the needs.

There is no coal at the Maryville High School building but orders for it are in and should there come a chilly day it is said that it would be possible to get a few loads from the local dealers to make the building comfortable.

The State Teachers College, being a state institution, has priority privileges in securing its coal, so there should be no shortage there.

Dealers said yesterday that the coal was being gotten out at the mines and that the only drawback to getting it here is that it takes a long time for the railroads to haul it after it is loaded. This keeps the cars tied up for a long time with a load and makes a car shortage. But with the announcement yesterday afternoon that the railroad strike is practically settled this situation should be eliminated to a considerable extent.

Dealers say that coal is from 50 cents to $1.50 a ton higher than it was a year ago. One dealer said that he looked for it to be cheaper later in the fall than it is now.

WORK PROGRESSING AT CORNER OF FOURTH AND DUNN

When Opened Will Make Travel to the College Shorter for Motor Cars

The work on the corner of Fourth and Dunn streets is progressing rapidly and should be completed soon. The new curbings have been laid and the bricks of the streets are now being put in place. An iron railing has been place dat the corner in front of the residence of C. E. Wells and the corner has been cut down so that the curve is not so sharp as formerly.

When the job is finished it will be a great convenience as all vehicles that now go to the College are forced to either go out through the tourists park or by way of ninth street.

Curfmans to Evanston

Mr. and Mrs. Fred L. Curfman and daughter, Miss Lula Mae Curfman, will leave tomorrow afternoon for Evanston, Ill., where Miss Curfman will attend Northwestern University this year.

FEATURE GAME OF SEASON SUNDAY

WILCOX TO PLAY MARYVILLE SEMI-PROFESSIONALS

TWO FAST ORGANIZATIONS

Some of State's Best Players to be On the Diamond—To Have Four Umpires

One of the feature games of this season for Nodaway Co. will be at Wilcox Sunday when the Wilcox team will play the Maryville semi-professional baseball club, an organization managed by Harry Scott and Tom Stinson of this city. The Maryville club will be composed of an aggregation of baseball players with class and speed.

The line-up is of interest. The moundsman for Maryville will be either Pouer or Wakeman. Pouer is a professional pitcher and is rated, as one of the best in the state. Wakeman is a St. Joseph boy and used to be a student at the State Teachers College here, where he hurled for the baseball team.

Cox, who has been catching for Gallatin all summer will be behind the bat. He is a man capable to receive the deliveries of either Pouer or Wakeman.

The bases will be occupied by Hayes, Watson and Scott. Scott is no stranger to Maryville fans. Everyone who knows either basketball or baseball is acquainted with "Chiddo" Scott.

Cree will hold down short and the outfielders will be picked from Lauder, Wright, Owens and Speaker. Speaker has been playing this summer with Grand Island in the Nebraska State League.

Four umpires will handle the game. Ward, of Corning, Ia., will be the chief umpire and will run the game from behind home. In addition there will be an arbitrator behind each sack.

The total gate receipts will go to the winning club.

The Wilcox team has won the last ten games which it has played. These victories were over the best teams in this part of the state, including some fast St. Joseph organizations.

On account of the large crowd that is expected at the game cars will be parked clear around the outfield.

This game should draw a record crowd as it is reported that there will be no games at Elmo, Hopkins or Burlington Junction.

Managers Scott and Stinson announced that the game will start promptly at 2:45 o'clock. Both teams will be on the field at this time and when it is a quarter until three Umpire Ward will say, "Play Ball."

RESERVATIONS FOR C. OF C. DINNER MUST BE IN TOMORROW

Women Are Especially Invited to Attend—J. Adams Puffer—Fried Chicken

Arrangements are being made for taking care of 100 persons at the Chamber of Commerce dinner to be held next Monday evening at the Baptist Church. The meal is to be served by the women of the church and is to be one of the feature occasions of the year. Mrs. J. A. Spiers is making a part of the arrangements for the women. It is to be a fried chicken dinner and everything that goes with it. It is necessary that all the reservations be made by 6 o'clock Friday afternoon so that the women will know "how many chickens to kill." Women are especially invited to the dinner.

J. Adams Puffer of Kansas City is to be the speaker. He is field secretary for the National Public Welfare League and will explain the arrangement that can be made in each of the counties of Missouri for the organization of a welfare league. The league would have charge of various phases of work pertaining to the welfare of the county. Its work is of special interest to the women and it is thought that a considerable number of them will attend the dinner.

Death of Former Resident

W. E. Nicholas, Senior, has received word of the death of his brother-in-law, T. K. Johnston, at his home in Denver, Colorado, on Tuesday of this week. Mr. Johnston, who formerly lived here, will be remembered by a great many readers of the Post. He moved away from here thirteen years ago. He had been an invalid for several years with tubercular trouble. Burial was at Denver.—Burlington Junction Post.

DE VALERA REFUSES TO ACCEPT AMNESTY

Will Continue To Battle Against Anglo-Irish Treaty, He Declares

London, Sept. 14—Eamonn DeValera will refuse to accept amnesty from the Free State government and will continue to battle against the Anglo-Irish treaty and the Irish constitution, he declared in an interview telegraphed here today. He charges the pro treaty party broke the pact with the Irish Republicans.

MANY STUDENTS WANTING WORK

ARE LISTED AT CHAMBER OF COMMERCE

FOR AFTERNOON JOBS

They Will Also Work on Saturdays—Are Willing to Do Most Any Kind of Work

If you want some one to mow the lawn, gather the apples, dig the potatoes, clean the basement, beat the rugs, mop the porch, tend the furnace, rake the leaves, yea, shovel the snow when it comes, get in communication with the Chamber of Commerce, Hanamo telephone 639, Peoples Telephone Union 120. Dozens of students have applied at the Chamber's headquarters since the opening of the College asking that they be supplied with work for the hours that they can give to it.

There is a greater demand among the students of the College for something to do to help with the expense that they must bear in going to school than ever before. It has been pointed out that the offering of work to the students in a College is a good advertisement for the institution. George A. Pickens, secretary of the Chamber of Commerce, says that he hopes that everyone who has work that he will give to the students, will call the Chamber. He says that the students when they leaves their names at the office leave with them the time that they can work. Most of them, however, want to work from 3 o'clock on in the afternoon and all day Saturdays. The names listed for work are not those of the men of the College alone. Some of the women have listed their names at the Chamber of Commerce.

Nothing definite has been announced as to what the scale of wage will be for the student work but Mr. Pickens says that it is 30 cents an hour at the College and that he would judge that it would be about the same for work out in town, although this must be arranged between the employer and the student.

The Chamber of Commerce is the organization in Maryville that the students feel like turning to when they want some kind of assistance.

40 PER CENT INCREASE AT S. T. C.

446 Had Enrolled at 3:30 O'Clock This Afternoon—Students Pay $2.50 Extra Today

With the enrollment at the State Teachers College at 446 at 3:30 o'clock this afternoon it is 40 per cent greater than it was last year and practically double what it was in 1920 for the fall term. Murray Welling, treasurer of the College, says that ten students paid their fees today. These were compelled to pay $2.50 extra on account of coming a day late. Six o'clock yesterday afternoon was the time limit set for paying the fees without being charged an extra $2.50. It is said that this arrangement has made the payment of fees at the College more prompt than it has been in the past.

Are Visiting Here

Mr. and Mrs. Melvin Atherton of North Platte, Neb., are visiting in Maryville with Mr. Atherton's mother, Mrs. W. M. Atherton, and with his brother, Leo Atherton.

65 PER CENT OF MILEAGE COVERED

IS PROBABLY ONLY PRELUDE TO GENERAL RAIL PEACE

BACK TO WORK SOON

Several Other Roads Are Expected to Swing into Line in the Next Two Days

Washington, Sept. 14—Sixty-five percent of the railroad mileage of the country is covered by the Willard agreement negotiated at Chicago or ready to sign, according to official advice reaching Secretary of Labor Davis today.

Partial settlement of the shopmen's strike is merely a prelude to the establishment of the general peace in the railroad industry, influential government officials who had a hand in shaping the developments declare. The roads will sign up steadily until there is practically a complete settlement. A few executives may possibly hold out but the settlement similar to that of the coal strike is deemed certain.

Chicago, Sept. 14.—Some of the great railroad systems reported to have agreed to the strike settlement are the New York Central and subsidaries, including the Michigan Central and the Big Four; the Chicago and Northwestern and subsidaries, Chicago, Milwaukee and St. Paul, the Southern Railway, the Seaboard Line, the Baltimore & Ohio, Chesapeake & Ohio. It is expected by nightfall the agreement will be signed and some of the men back at work.

Two more great rail systems are reported this afternoon to have opened negotiations to make peace. The Illinois Central and the Erie are the latest to swing into line with the sixty-two roads already signing the Jewell-Willard settlement plan and are making ready to take the shopmen back. Several others are expected to sign within the next two days.

SERIES OF PROGRAMS FOR ASSEMBLIES PLANNED

To be One Armistice Day, Thanksgiving, Christmas and Washington's Birthday.

The committee on assemblies at the State Teachers College has planned a series of programs for the assemblies this year that should prove both entertaining and instructive. It is planned to hold one assembly of the students each week and once a month to hold a large convocation at which time the special programs will be given.

At the weekly program there will be singing by the entire student body and the announcements for the week will be given. Mr. Miller, head of the "pulpit committee" as he calls it, said today that he believed that the weekly meeting of the students in a body would do much toward fostering a spirit of pep among the students.

The monthly programs have not been definitely arranged but there will be an Armistice Day program, one at Thanksgiving and Christmas, and a Lincoln and Washington program. In addition one assembly will be given over to the M Club, the Minnicheeock, the Dramatic Club, the Y. W. C. A., the Rural Club, and the department of music.

Mr. Miller said that he planned to have a film for the students once a month.

The first convocation of the students will be held September 20 at which time President Uel W. Lamkin of the College will speak.

The committee from the faculty that has charge of the assemblies is composed of Prof. Harry A. Miller, Miss Hettie Anthony and C. R. Gardner.

FARMERS MET AT THE COURT HOUSE TO FORM ORGANIZATION

About fifty farmers are meeting in the circuit court room this afternoon to perfect a county organization of the Missouri Farmers association by electing a board of directors and by employing a county secretary. Tom Tallon presided as chairman. The features of the federal land bank loans were discussed.

W. T. Key Recovering.

W. T. Key, 602 West Halsey street, who has been ill of double pneumonia at his home, is slowly recovering. Mr. Key has been ill for four or five weeks and two weeks ago pneumonia developed.

DEMOCRAT-FORUM TO GET FOOTBALL RETURNS

Are to be Broadcasted and Will be Picked up in Maryville by Radio

The Democrat-Forum expects to offer special football return service this fall. All of the games in the Missouri Valley conference are to be broadcasted by radio as well as some of the games from eastern and western universities. These football results will be posted at the office of this paper as soon as they are received and it will be possible for local fans to satisfy themselves as to the results of games almost as soon as the games are over.

If possible the results of games in the Missouri Intercollegiate Athletic Association will be received by radio. The State Teachers College is a member of this association and it will be of much value to be able to check up on the other teams while they play.

This service by radio gives the fans almost a grandstand seat at all of the games at the sametime.

M. H. S. MAY HAVE ANOTHER TEACHER

A CROWDED CONDITION EXISTS THIS YEAR.

GRADE DOMESTIC SCIENCE

Room in Basement at Washington Building to be Fitted for This Purpose.

On account of the crowded classes in the high school, it may be necessary to employ another teacher. The enrollment in the high school is 366, thirty more than last year. The North Central Association suggests that no class in the high school should contain more than thirty scholars.

The school board at a meeting held last evening discussed the proposition and decided to employ a competent clerk to do the clerical work of Superintendent L. E. Ziegler and Principal L. L. St. Clair. It is thought that Mr. Ziegler and Mr. St. Clair could then take over some of the classes that are crowded.

The crowded condition at the high school is not caused by non-resident pupils alone, but by people moving to Maryville to take advantages of our schools.

The board decided to order two cars of mine run coal from Kirksville if the price is the same as quoted by a Moberly coal company. The board has been buying from Kirksville for several years. No coal has been put at all at the public school buildings.

A room in the basement of the Washington building will be fitted up for domestic science for the grades. Heretofore the Smith-Hughes department of the high school has been used for the domestic science work of the grades, but the crowded condition of the Smith-Hughes classes now does not permit of the grades using these rooms.

One set of bells for the band and orchestra at a cost of $31.20 was ordered. Manual training lumber for use in the manual training department was ordered to be purchased. Free text books as needed were to be bought by Superintendent Ziegler.

Lee Auffert was named as janitor at the Jefferson ward school. William Irwin had been selected but he failed to accept. A room in the Jefferson school taught by Miss Dietz was ordered to be painted and Mr. Daniels was given the work for $20.

RESTRAINING ORDER HEARINGS CONTINUE

Government Apparently Unaffected by Partial Settlement of the Strike.

Chicago, Sept. 14.—Hearings on the restraining order against the striking shopmen and leaders instituted by Attorney General Daugherty were reopened for the fourth day today in Judge Wilkerson's court with the government apparently unaffected by partial settlement of the strike. The monotonous reading of batches of seventeen thousand affidavits by which the government hopes to prove a nation-wide conspiracy to destroy interstate commerce exists was continued.

Mr. and Mrs. J. M. Coakley of Hobart, Okla., who has been spending the summer with their daughter, Mrs. Joe Skidmore, have gone to Harrisonville, Mo., where they will visit a son before returning home.

SOVIET RUSSIA SENDS A PROTEST

AGAINST ALLIED OCCUPATION OF DARDANELLS.

A NEW WAR IS FEARED

Commander Kenworthy Says European Situation as Dangerous Now as in 1914.

Soviet Russia has intervened in the near East crisis precipitated by the successful Turkish war against Greece by sending a not to London protesting against allied occupation of the Dardanells and Bosphorous. Red Russia is an ally of the Turkish nationalist government at Angora.

Greece is sending more troops into Thrace to prevent a Turkish attack upon Greek territory in Europe.

Fears of the British officials of a new war were formally voiced today by Commander J. M. Kenworthy, who said the European situation was fully as dangerous now as in 1914 when the great war began.

Smyrna, Sept. 14—The Turkish command today proclaimed martial law here for preservation of order.

MARYVILLE MEN MAY GO TO KANSAS CITY RACES

Everything Is in Readiness for the Big Event That Is to Take Place Saturday

Everything is in readiness for the big races and the opening of the new speedway in Kansas City Saturday September 16. The drivers who are to compete are arriving rapidly and already many have tried out the new track. The highest speed that has been attained so far was just 112 miles an hour and the drivers claimed to be holding their machines down.

Many drivers of international fame are entered and some who have already tried out the new track are Jimmy Murphy, Joe Thomas, Harry Hartz and Frank Elliot. All of the men speak highly of the new speedway and predict that records will be equalled or broken.

Several men from Maryville are planning on attending the races. Among them are Ray O'Grady, Dr. C. M. Cline, Edward Condon and T. G. Robinson.

PIERCE RETURNS FROM REPUBLICAN CONVENTION

Was One of the Leaders of the Meeting—Declined to Accept State Chairmanship

W. C. Pierce returned last night from Springfield where he attended the Republican state convention. Mr. Pierce was one of the leaders of the convention. He declined to accept the chairmanship of the Republican committee.

According to the St. Louis Globe-Democrat, Mr. Pierce healed the breach between Governor Hyde and R. R. Brewster, Republican senatorial nominee. The following is from that paper:

Hyde is credited with the induction of Brewster into the race, and according to the authority quoted, Brewster feared that failure to heed the wishes of Walter S. Dickey of Kansas City and others who were opposed to Clements would be tantamount to a direct slap at a faction of the party and would jeopardize his chance to bring about harmony between the Old Guard and the Progressives.

On the other hand, Hyde was said to have been determined to invoke the power of the state administration in the committee. W. C. ("Cal") Pierce of Maryville, who refused the chairmanship, is credited with effecting the settlement. Conferences continued through last night and until early this morning and Pierce is said to have approached both Hyde and Brewster, warning them that it was time to "stop their foolishness" and reach an agreement. Pierce's warning is said to have borne considerable weight.

George Ingerson has returned from a visit in Greeley, Colo., with his son, Percy Ingerson.

THE WEATHER

Generally fair to-night and Friday; not much change in temperature.

"TAMMANY," COLLEGE CANINE MASCOT, HAS DISAPPEARED

Was Locked and Tied in the Power House but He Was not There When Gone After

"Tammany," the mascot of the State Teachers College football team, is gone. Last Saturday he was locked in the power house at the College and was tied. When it came time to feed him he was gone. There is no way in which he could have escaped by himself so the only thing left to believe is that he was "swiped," "hooked," "lifted," in other words.

Whoever took the dog left no clue and so he has not been recovered.

"Tammany", was a large white American bulldog, weighing about sixty pounds, he had a black spot over each eye and one on his back. He was about six months old.

If anyone sees this dog, no matter where, or with whom, it would be a service to the college football team if the matter was reported to Coach Eugene A. Maynor.

WALKOUT AT SCHOOL POSTPONED UNTIL SPRING

Assembly Held Yesterday Afternoon and Standard Songs Were Sung

An assembly was held at the Maryville High School yesterday afternoon for the purpose of promoting the interest of music among the students. Loren G. Schnabel, director of the high school orchestra, was in charge of the meeting and led in the singing of both school and standard songs. Principle L. L. St. Clair in commenting on having community assemblies said to the students that he was heartily in favor of such an undertaking.

After the singing of the songs Superintendent L. E. Ziegler took charge. The students were planing a walk out which was to take place today and was to have been a surprise to the teachers but in some way the faculty members were wise to the planning. Mr. Ziegler said that he did not object to a walk out once a year but suggested that the students should wait until spring before having one. He mentioned the fact that there were several days vacation this fall on account of teachers meeting, Thanksgiving, and the Christmas holidays but that in the spring there are hardly any days off. He then called on students who were in the assembly to express their opinions. The students were almost unanimous in agreeing to postpone the affair and to have a high school day next spring. This day they plan to have 'real eats' and a program. If a walkout were to be carried out at this time it would be a temptation for many of the football boys to break training.

The enrollment has now increased to 366 which passes the record on 1919 when there were 364 students enrolled in school.

ANOTHER TRIAL MONDAY FOR CHARLES GRIER

The trial of Charles Grier, charged with drunkenness, will be re-heard at 1:30 o'clock Monday afternoon. Grier was tried before a jury Tuesday afternoon of this week but the jury was unable to agree so there must be a new trial. Grier's plea is that he was under the influence of a doctors prescription and that he was not drunk.

Democratic State Platform Adopted at Excelsior Springs Late Yesterday

High Points in Democratic State Platform

Indorses Wilson administration.

Condemns bureaucratic government and paternalism.

Denounces proposed tariff and ship subsidy.

Condemns lavish use of money in elections "as exemplified in Newberry case."

Favors soldiers' adjusted compensation.

Recognizes right of labor to organize and bargain collectively.

Condemns "wanton extravagance" of Hyde administration.

Censures state administration for "stupid blunder" in providing insufficient funds for Missouri soldiers bonus.

Charges state administration with levying unjust and heavy taxes.

Extends assurance of full political partnership to Democratic women and favors enactment of legislation to "guarantee them equal opportunity in all things political."

Pledge "adequate provision" for elementary and secondary schools.

Recommends curtailment of tax exempt securities.

Favors improvements of rivers.

Urges enactment of effective state registration law.

Favors state and national legislation prohibiting branch banks.

The Democratic party, in convention assembled, reaffirms its advocacy of an allegiance to those time honored principles which have, in every administration when the party was in power, from that of Thomas Jefferson to the close of the last administration of Woodrow Wilson, characterized the party as the exponent of free government. And we especially endorse the accomplishments of the Democratic party during the last two national administrations.

Centralization of power is dangerous to liberty. The rights of the states and the people thereof, as reserved in the constitution, should be sacredly reserved and maintained. The frequent attempt of the federal government to enlarge its jurisdiction by giving to the constitution strained and unnatural construction, and by employing powers therein given for one purpose so as to exercise authority not intended to be granted, and by attempting to confer upon commissions and executive officers judicial and legislative powers, are none the less acts of usurpation which cannot be too severely condemned.

Local self government and the direct responsibility to the people of all public officers are fundamentals of democracy. In contravention of these principles, we are now rapidly establishing a bureaucratic government by creating and giving almost unlimited authority to numerous boards and commissions, the members of which hold for long terms, and are neither elected by nor directly responsible to the voters. Against this insidious encroachment upon the rights of the people we earnestly protest.

We demand that all legislative and judicial functions shall be resumed by those branches of the government in which such powers by the constitution are reposed, and the number of boards and bureaus shall be reduced to an absolute minimum.

Freedom can only exist under government by established law. The federal constitution is the great charter of liberty. Every right of the people as therein ordained must be respected and sacredly observed, unless and until amended in the manner and form provided. Especially inviolable are those provisions which guarantee "the right of the people to be secured in their persons, houses, papers and effects, against unreasonable searches and seizures," "speedy public trial by an impartial jury," "protection against excessive bail, excessive fines, cruel and unusual punishments" and "deprivation of life, liberty or property without due process of law."

Civil and religious liberty are not only guaranteed by the Constitution, but are the very essence of American freedom. We denounce all efforts whether by groups, societies or individuals to proscribe any part of our people on account of race or religion. We assert that there is no provisions of the Constitution which cannot be enforced without the violation of any of its provisions.

The obligation to observe the Constitution lays with special weight upon officers of the law who, both by official oath and legal enactment are charged with the high duty of preserving the Constitution and defending the rights of the people thereunder. We arraign the present state government for wilful infraction of the rights of the citizens as ordained by the Constitution of the United States and the state of Missouri. In this constitutional government we have more to fear from the vice of arbitrary power than from all other vices combined. The Constitution must be respected and obeyed by every public official, and official oppression should be vigorously punished.

The present state government has, without legal warrants, invaded homes and places of business and violated the rights of persons and property. It has imprisoned numerous people without charge of any kind. It has repeatedly denied the right of bail, and to speedy trial. It has set up useless boards with arbitrary powers. It has sought to deprive the people of districts and communities of immemorial rights and privileges. It has abused its temporary power by attempting through a partisan vote of the legislature to oust from office a large number of men, including many judges of learning, probity and experience. It has sought, by the subterfuge of enacting a similar statute after a referendum has been demanded in accordance with law, to nullify the right of referendum guaranteed to the people in the constitution. In order to consummate its wicked purposes and to gain political advantage it attempted to gerrymander the state, so as to unjustly perpetuate its power and to deprive the people of a fair opportunity at the polls to correct and repudiate the faults, crimes and blunders by it committed.

It advised the people of the state that the proceeds of 15 million dollars of bonds would be ample to pay the state soldiers' bonus. Relying upon its information the people cheerfully voted bonds in the specified amount. It now develops that the amount is insufficient; that while a part of the soldiers have received payment in full a great number have received nothing.

(Continued on page 4)

Its Fading Now

Have you a cherished photograph that is losing its former color and will fade away? We can now offer you a service in the making of copies. Perhaps you have a good picture of which you would like a few more prints, but are unable to get them from the original negative.

The price for this work is less than you have ever paid for this work. In fact, you will be surprised at the small cost.

We make enlargements from your pictures also. Right here at home, with our Projection printer.

If you need service of this kind, we invite your investigation.

Social Affairs and Clubs

Senior Line Party

A number of the beginning senior girls of the High School enjoyed a Dutch treat line party at the Empire Theatre last night. In the party were Misses Louise Peery, Lota Claire Landfather, Minnie Evans, Roberta Cook, Catherine Remus, Dorothea Snoderly, Iva Mounts, Arvilla Campbell, Alyce Allen, Myrle Lyle, Garland Montgomery, Lyrill Stafford, Helen Bolin, Valta Ringold and Margaret Louise Hosmer.

Guests at Griffey Home

Mr. and Mrs. Bert Griffey and children, Gilbert and Mary Estelle, of Greenfield, Ia., visited over the week end at the home of Mr. and Mrs. Leslie Griffey and family, northwest of Parnell. Additional guests at the Griffey home Sunday were Mr. and Mrs. Albert Clutter. The Greenfield visitors left Monday for their home and en route visited Mr. and Mrs. Ed Wallace and Andy Cook in Maryville. The trip was made in the Griffey car.

Pickering Needlework Club

Miss Mary Wolfers was hostess to the Pickering Needlework Club yesterday afternoon at her home in Pickering. The hostess was assisted in serving refreshments by Mrs. Walter Johnson.Guests of the club were Mrs. Louise Hinton, Mrs. Roland Ricketts and Miss Florence Nesbitt of Chicago, who is visiting her sister, Mrs. E. L. Crowson. These members were present: Mrs. Chance Copeland, Mrs. E. L. Crowson, Mrs. Joseph Carmichael, Mrs. Gordon Swinford, Mrs. J. N. Geyer, Mrs. J. W. Wiley, Mrs. Ross Lincoln, Mrs. Wilbur Smith, Mrs. Walter Johnson and the hostess. The club will hold its next meeting September 27 with Mrs. Joseph Carmichael.

Mrs. Strong Hostess

The Social Hour Club was entertained yesterday afternoon at the home of Mrs. Omar Strong. During the meeting a short program was given after which refreshments were served by the hostess, assisted by Mrs. Rich Spurgeon and Mrs. Edgar Houston. Guests of the club were Mrs. Otis Falconer and sons, Billy and Eldon Lee, and the members in attendance included Mrs. George Porterfield Mrs. Roy McMulin, Mrs. Emmett Gray and daughter, Beulah, Mrs. W. P. Scott, Mrs. Denver Loch, Mrs. Rich Spurgeon, Mrs. Edgar Houston, Mrs. Art Wilson and children, Mary and Herbert, Mrs. Charles Fakes, Mrs. Theodore Gray, Mrs. Will Spangler, Mrs. Mert Morris, Miss Tressie King, Mrs. Floyd Fakes and daughter, Dorothy Jean, Mrs. Leslie Hanna and son, Lloyd and the hostess. The club will be entertained September 27 at the home of Mrs. Art Wilson.

W. C. T. U. Officers

The Maryville Chapter of the W. C. T. U. held yesterday afternoon at the home of Mrs. C. A. McCoppin its annual election. In each case the old officers were re-elected. They are as follows: President, Mrs. S. S. Wolcott; vice-president for the Christian Church Mrs. Henry Westfall; vice-president for the Baptist Church, Mrs. Eugene Ogden; vice-president for the First Methodist Church, Mrs. C. C. McCoppin; secretary, Mrs. R. L. McDougal, and treasurer, Mrs. C. A. McCoppin. Some plans for the year's work were discussed at the meeting.

The county convention of the W. C. T. U. will be held some time next week but the date has not been announced as yet. The time will be set by Miss Alice Peters of Burlington Junction, county president.

At the close of the business session a social hour and refreshments were enjoyed.

Entertains for Daughter

Mrs. J. E. Appleton entertained Tuesday afternoon for her daughter, Mrs. Arch Stewart, of Keota, Iowa. Refreshments were served and a most enjoyable time was spent by all. Those invited were Mrs. J. L. Downer, Mrs. Anna Keith, Mrs. Willis Oxley, Mrs. W. G. Shinabargar, Mrs. R. B. Luce, Mrs. A. C. Monroe, Mrs. Glen Jeffers, Mrs. Roy Brown, Mrs. E. R. Brown, Mrs. E. C. Wolfers, Mrs. C. E. Doulin, Mrs. Belle McMaster, Mrs. Paul Lewis, Mrs. J. O. Dragoo, Mrs. C. W. Kirk, Mrs. H. C. Clutter, Mrs. W. L. Robb, Mrs. W. L. Moorehead, Mrs. James T. Sykes, of American Falls, Idaho, Mrs. Marve Curnutt of Maryville and the Misses Mae and Kate Browne and Eva Brainard.—Hopkins Journal.

Highland Club Meets

Members of the Highland Club met yesterday afternoon at the home of Mrs. Clint McDowell, for their regular meeting. "Noted Women of America" was the subject for discussion and study. The hostess served refreshments of ice cream and cake at the close of the program. Mrs. Howard Van Velson was a guest, and the members present were Mrs. Otha McDowell, Mrs. Joe Wilmes, Rose Wilmes, Mrs. Will Burr, Mrs. Minnie Wrightman, Mrs. O. K. Busby, Mrs. J. C. Chesnut, Mrs. Pat Farrens, Mrs. Roy Kelley and Mrs. L. M. Robinson. The children present were Marion Burr, Helen Marie Wilmes and T. N. Kelley. A business meeting of the club will be held September 27 at the home of Mrs. Roy Kelley.

Wiener and Marshmallow Roast

Members of the freshman class of the Pickering High School and the faculty of the entire school were entertained Wednesday evening by the senior, junior and sophomore classes. The party met at the school house at 6 o'clock and went to the Bosch pasture for a wiener and marshmallow r oast. The company numbered about sixty and included the following faculty members: Prof. J. N. Geyer, superintendent; Miss Bessie Kemper and Miss Helen Spangler of the high school; and Mrs. Ruby Eggers Moore, Miss Ethel Stanton and Miss Mildred Smith of the grades.

Lone Valley Community Club

A short program was given at the meeting of the Lone Valley Community Club which was held yesterday afternoon at the home of Mrs. Harry Zook near Pickering. The members considered plans for an entertainment at the community meeting at the school house but no definite arrangements were made. At the close of the meeting the hostess served refreshments. Those present were Mrs. Heman Sears, Mrs. John Carmichael, Mrs. John Wagner and children, Mrs. Enos Pence and children, Mrs. Charles Neal, Mrs. Harry Hartness and daughter, Mary Margaret, and the hostess and daughter, Verlee. The next regular meeting will be held with Mrs. John Carmichael in four weeks.

MISS NEVA SAGE TURNS RECORDS TO DR. FRYER.

Miss Neva Sage, who has had charge of the vital statistics for Polk township, has turned her records over to Dr. Claude P. Fryer, county health officer, who has been made statistician for the township. From now on the records will be kept at the health department's office in the Tribune building. Dr. Fryer is also statistician for the state. The reports of the various township officers of the county are to be turned in to him on the tenth of each month.

Albert Kuchs Home From Hospital.

Albert Kuchs, who has been at the St. Francis hospital for the past six weeks taking sipi treatment was taken to his home today. Within the next two weeks Mr. Kuchs will be able to be up and around, but the physicians advised that it was necessary to remain on a diet for a year. Mr. Kuchs has been suffering with ulcers of the stomach.

Announce Birth of Daughter

Irvin Bartram, 613 West Second Street, has received word of the birth of a daughter in the home of his son-in-law and daughter, Mr. and Mrs. Harold Bridgman of Oakley, Kan. The baby was born this morning. Mrs. Bridgman was formerly Miss Anna Bartram of Maryville.

BRITTON TO PROCEED WITH SETTLEMENT OF DEBT

Washington, Sept. 14—The British government will proceed with settlement of the British 4 billion dollar debt to the United States regardless of any action taken by Germany in reparations of the controversary with the allies, according to official advices to the American debt funding commission today.

TRENTON REALIZES MARYVILLE A STRONG COMPETITOR

The Trenton football team will open its season Friday, when it meets the Corydon (Iowa) High School. According to the Trenton papers the dope has it that Maryville is the most formidable of all Trenton's football competitors and the championship will be decided in the Maryville game. Trenton comes to Maryville to play on November 10.

Montgomery Guests Leave.

Mrs. Joie Thomas of Lawrence, Kan., who has been visiting at the home of her brother, J. F. Montgomery, and Mrs. Montgomery, for three weeks, left this morning for a visit in St. Joseph. She will also visit her old home in Platte county before returning to Lawrence.

Pupils Have Skin Disease

Several pupils of the county have been found to have a skin disease that seems to be prevalent in the schools this fall. The county health nurses are at Hopkins and in that vicinity today making visits to the schols.

You certainly get your money's worth of action from HOLLISTER'S ROCKY MOUNTAIN TEA—you can't "beat it" for Headaches and Constipation.—Gaugh & Evans.

DdemocratIc State Platform

(Continued from page 2)

This stupid blunder should be promptly corrected and provision made to do full justice to all of our soldiers, sailors and marines.

It has laid unjust and heavy taxes upon all the people and has imposed an unjust share of the burden upon the farmers of the state. It reduced taxes on franchises one-half, on incomes one-third and at the same time practically doubled taxes on homes and farms. We favor an equitable assessment of all property, both personal and real, and a tax rate which will produce no more money than is actually required for an honest and economical administration of the state, county, city and municipal government.

Its pre-election promises of retrenchment and reform have been redeemed by acts of wanton extravagance, and shameless oppression and wrong.

We appeal to the people of this state, in referendum vote about to be taken, to repudiate the unjust and vicious laws attempted to be fastened upon the people by the Hyde administration.

The present national administration promised to abolish the high cost of living, reduce the burden of taxation to the people and protect them again the exactions of trust, conspiracy, monopolies and profiteers, to promptly pay a just bonus to the soldiers of war, and to inaugurate efficiency, economy and reform in the federal government. These pledges have all been violated. Its entire career is characterized by favor, incompetency and a complete subserviency to the great trust, combines and financial overloads.

A representative of these interests, himself the second richest man in the United States, chief owner of one of the greatest monopolies of the world, a director in sixty-eight great banks, trust and industrial companies and the business associate and friend of the multi-millionaires of the United States, was promptly made secretary of the treasury.

At his demand, the soldiers' bonus bill was thrust aside. Likewise, he gave no substantial relief to the ordinary citizen, yet sought to reduce taxes on corporate stock, millionaires and profiteers in the sum of 615 million dollars. The same influences are now seeking to force the enactment of a tariff bill which, in many instances, raise the tariff duties 200 to 500 per cent, deprives the American consumer of the benefit of world competition, and enables the trusts and combines of the United States to levy an indirect tax of more than 5 billion dollars a year upon the American people. In many instances there high tariff rates were fixed at the direct demand of combinations now under indictment for conspiracy to restrain trade, fix prices and establish monopoly.

We charge that the national administration has notoriously failed to enforce the law against trusts, combines and monopolies. It has not only permitted them to continue their business conspiracies and to thereby reap vast profit, but it has allowed to go unchallenged the reaction of combinations and trusts heretofore dissolved by the courts.

We challenge attention to the fact that the present administration sought to fasten upon us the huge burden of a ship subsidy for the benefit of companies, many of which are intimately associated with, if not completely controlled by, foreign interests and which already enjoy immense profits.

The lavish use of money in the primary or general elections is obnoxious to public morals and poisons the very source of government. It, in effect, places every public office of the land upon the auction block, to be knocked down to the highest bidder. Of particular significance, therefore, is the action of the Republican party in seating Truman H. Newberry of Michigan in the face of the undisputed facts, as recited in the resolution confirming him in his seat. That resolution declared that the sums of money in his campaign expended "were contrary to sound policy, harmful to the honor and dignity of the senate and dangerous to the perpetuation of free government and that such excessive expenditures are hereby severely condemned and disapproved." Having thus in solemn resolution denounced the villiany of his election, the Republican majority in congress nevertheless declared that Mr. Newberry "had been duly elected for a term of six years." By this action the majority proclaimed its own shame and its deliberate ratification of the wrong it had certified and denounced. It condemned and condoned the offense but gave to Mr. Newberry the fruits of iniquity. We recall with regret and humiliation the fact that Selden P. Spencer, the junior senator from Missouri, was the leader in the perpetration of this national outrage.

We favor legislation by both the state and the United States prohibiting the establishing of branch banks.

We demand a reversal of the policies and practices of the national administration above referred to. We insist upon a strict enforcement of the laws, both state and national, against trusts and combinations in restraint of trade, and conspiracies to fix prices.

We protest the taxes should be so levied as to reduce the burden upon people of moderate means and compel the payment of a just share of the public revenues by the possessors of vast incomes, profits and fortunes.

The rights of labor to organize in order to protect itself against oppression, to secure fair and safe working conditions and just recompense for its toil, and to bargain collectively and, if it sees proper, to peaceably quit its employment either individually or as an organization is indisputable and inseparable from liberty. These natural rights necessarily carry with them the right peaceably to assemble in order to discuss grievances, to devise plans for relief, and the rights to appeal to their fellows or the public for sympathy and support. We are opposed to the deprivation of a limitation upon these natural rights by any method, device or process whatsoever.

We pledge the Democracy of Missouri to the preservation, in their full meaning and integrity, of freedom of speech, freedom of the press and the right of peaceful assembling. We deny the right or power of any department of government, state or national, to abridge, restrict or interfere with these constitutional guarantees.

As a result of the failure of the legislature to carry out a mandatory provision of the constitution of this state requiring registration in all counties of one hundred thousand population or more, St. Louis County, one of the largest and most populous counties of the state, has been the innocent victim of political exploitation by a corrupt Republican boss-controlled machine and election frauds have been perpetrated in its boldness and impunity and the will of the voters set at naught. We therefore pledge the Democratic party, if successful in being restored to political power, to enact a proper and effective registration law to comply with the constitutional requirement and to purge this county of its present impurity and corruption in elections.

We declare that soldiers, sailors, marines and nurses who served our country in the war are entitled not only to the thanks and applause of the country, but to reasonable compensation for the losses by them sustained. We therefore, favor the payment of an adjusted compensation, but we also declare that such a bill should provide for the payment in the reasonably near future of cash or, if desired, its equivalent, or insurance and that the necessary moneys can be properly raised without burden to the great producing classes.

We pledge our support for a program of legislation for the proper hospitalization and care of the gallant ex-service men who were disabled in the late war, that they may be nursed to health and happiness and to provide them with adequate support during their disability.

Elementary and secondary schools being the foundation upon which the superstructure of a Democracy must rest, we renew our pledge of adequate provision for the education of all the children of all the people of the state.

The tax exempt securities should be radically curtailed and the quantity held by one person free from taxation limited, so that great fortunes invested in these securities may not escape their just proportion of taxes.

We condemn the Republican state administration for its veto of the appropriation for the blind after the people had, by constitutional amendment, voted a levy for such purposes, and after the taxes therefore had been collected from the people and are now lying idle in the state treasury and unavailable for any other purpose.

We express our profound sympathy for the great agricultural class of the United States. There can be no real prosperity if the farmer is unable to obtain a fair return upon his investment and his toil. We pledge the Democratic party to extend the farmer cheap credits to reduce transportation charges and so far as possible to enlarge his markets, and to otherwise cooperate in all just efforts to alleviate the present adverse conditions under which the farmer labors.

We favor the inauguration of a great system of river improvements, embracing the protection of the river banks, the prevention by all practical means of river floods, and the establishment on and along navigable streams of boat line wharves and the establishment of just joint boat and railway rates.

We extend to the Democratic women, whose full enfranchisement has enriched our party, our assurance of full political partnership. We welcome the contribution of ideals and of loyal strength which our women have brought to Democracy and recognizing the value of that great service, the Democratic party favors the enactment of such legislation as will guarantee to them equal opportunity in all things political.

We invite the cooperation and support of all patriotic citizens of the state.

I First Compounded This Newer Form of Iron For My Own Neighbors

Their Praise of This Remarkable Remedy Has Spread So Rapidly That Now Over 4,000,000 People Use It Annually

Years ago I began to wonder at the great number of my own friends and neighbors whowere always ailing, complaining and doctoring, without ever seeming to get any better. Both working men and their wives were frequently all tired out in the evening, and a great many were weak, nervous and run-down. One had pains in the back and thought he had kidney trouble. Another had pains around heart, palpitations and dizziness, and was sure he was suffering from heart disease. Still others had severe headaches, floating spots before the eyes, tender spots along the spine and a great variety of alarming symptoms.

For years I made a special study of this condition, consulting a great number of physicians and chemists. An immense number of investigations by physicians all over the country showed that three people out of every four you meet lack 100% iron in their blood. Lack of iron in the blood is the greatest of all devitalizing weaknesses. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron, nothing you eat does you any good. Your heart, lungs and kidneys and all your vital organs get their nourishment from the blood stream, and when the blood lacks iron and is thin, pale and watery, you may suffer from the symptoms of a great number of diseases when the real and true cause of all your trouble is a lack of iron in the blood.

In the old days people often took metallic iron, which some physicians claim is not absorbed at all. In compounding this newer form of iron which I call Nuxated Iron, I employed a special form of iron, which is like the iron in your blood and like the iron in spinach, lentils and apples. Unlike the older forms of iron, it will not injure the teeth nor disturb the stomach, and it is ready for almost immediate absorption and assimilation by the blood. It is the people whose blood is rich in iron who possess great strength, force and energy. If you are not strong or well you owe it to yourself to make the following test:

See how long you can work or how far you can walk without becoming tired. Next take two 5-grain tablets of Nuxated Iron three times a day after meals for two weeks, then test your strength again and see how much you have gained. An astonishing number of nervous, run-down people who were ailing all the while, have greatly improved their health and increased their strength, energy and endurance simply by taking this newer form of iron. For sale by all druggists.

Including Gaugh & Evans.

PATRONS GET SHARE OF PROFIT

Farmer Elevator Splits Margin With The Wheat Grower.

Two hundred patrons of the farmers cooperative elevator at Anglum recently celebrated the completion of two years of sucessful operation, and dedicated their new warehouse addition. Reports were made at this meeting showing that 100,000 bushels of wheat were handled in 1921 and 57,446 bushels in July and August this year. A substantial stock dividend with legal reserve and a patronage dividend were declared.

One of the real benifits of the organization was evidenced in the neighborly spirit prevailing among the the management of the enterprise. This elevator association was formed two years ago under the guidance of County Agent Skinner and Marketing Specialist John Sheay of the Missouri College of Agriculture.

TO SHOW FILMS AT HUGH WHITEFORD FARM

Hugh Whiteford was in Maryville this morning and made arrangements with the Chamber of Commerce to have the agricultural films shown at his farm October 17 at a meeting of the Whiteford Farm Club, to be held at his place at that time.

CHARLES LEAVERTON ARRESTED ON AN ASSAULT CHARGE

Charles Leaverton was arrested yesterday on a charge of assault and battery, the prosecuting witness being James Milbanks. He gave bail for $300 for his appearance at the September term of circuit court. It is said a fight took place in which Leaverton assaulted Milbanks.

GIRL FALLS FROM WINDOW ON SHOULDERS OF MAN

New York, Sept. 14.—Falling from a second floor window of her home, at No. 247 East Fifty-seventh street, Miss Martha Barnes, twenty-four, landed on the shoulders of Oliver Huber, of 427 East Fifty-seventh street, who was passing at that moment. Huber broke the young woman's fall and perhaps saved her from serious injury, but both were taken to Flower Hospital suffering from contusions and lacerations. After being attended they were able to go to their homes.

MRS. HARDING IS STEADILY IMPROVING DOCTORS SAY

Washington, Sept. 14—While Mrs. Harding is in a much improved condition it will be a few weeks before she is completely recovered, her physicians said today. The doctors report a steady improvement.

UMPIRE SETTLES DISPUTE BETWEEN THEATRE MEN

New York, Sept. 14.—The efficacy of the new Arbitration Court providing for settlement of differences before umpires, instead of in court, was demonstrated when a report filed in County Clerk James A Donegan's office gave evidence of the termination of a dispute between Arnold Daly, actor-manager, and Joseph M. Gaites, theatrical producer.

HUGE ARMY AIR CRAFT IS FLYING WESTWARD

Newport News, Va., Sept. 14—After a delay of several weeks the huge army Ship, C-2, left Langely field this morning to cross the country on a pathfinding and map-making voyage. It took a due course west for Akron, O., which is to be the first stop.

DIAMOND RING. LOST 20 YEARS, TURNS UP

Hicksville, Ohio, Sept. 14.—A brilliant sparkle in a flower bed in her yard attracted the attention of Mrs. W. F. Bassett. She pulled out of the dirt what she thought was a broken piece of glass. It proved to be a wedding ring with a Tiffany mounting.

Inquiry revealed that, while the house on that lot was being constructed twenty years ago by Mr. and Mrs. Fred Purkey, Mrs. Purkey lost her diamond wedding ring.

Neighbors identified Mrs. Bassett's find as Mrs. Purkey's lost ring. The ring will be sent to Mrs. Purkey, who lives at Culver City, Cal., where her husband died not long ago.

PRISONERS JUST DOTE ON JAIL'S SWEDE STEW

Akron, O., Sept. 14.—"Swedish stew," made by a judicious combination of fresh beef, cabbage, potatoes, onions, carrots, beans, marrow bones and seasoning, which is served at the county jail three times a week, is the most popular dish among county prisoners, Sheriff Pat J. Hutchinson says. It's almost impossible to get enough of it made to satisfy the robust appetites of the law violators.

TWO AND A HALF TRILLIONS LIVING COST FOR A YEAR

Paris, Sept. 14.—2,500,000,000,000 crowns in round numbers is what it costs to live in Austria a year, according to the latest official statistics. Never very low, the cost of living has jumped 124 per cent between July 15 and August 14. One of the first things the Government will be obliged to do is to double the salaries of all its officials. And even then it is doubtful if they will be able to satisfy their hunger.

PRICES FOR CATTLE AT SCOTT SALE NOT HIGH.

Radium Reserve Brought $270 and the Top Paid for a Cow Was $175.

Shorthorn cattle at the administrator's dispersion sale that is being carried on by Emmett Scott at the J. L. Scott farm three miles west of Maryville this afternoon are not selling at a very high mark, in the opinion of some of the stockmen. At 3:30 o'clock this afternoon a bull, Radium Reserve, had been sold for $270, bought by Mr. Rankin of Tarkio. The top price paid for a cow was $175 for Lavender Queen Eleventh, bought by A. O. Stanley. The prices on twenty-three other cows ranged from $70 to $104. Thirty-three head of cattle were sold in all. R. P. Hosmer is crying the sale and Walter Mitchell of Kansas City is at the ring side.

Picnic at Park

Mr. and Mrs. Fred Wyatt and son, Trevis, entertained with a picnic supper Wednesday evening at College Park. Those present were Miss Eva Dawson, Miss Goldya Pope, Mrs. Dona Meek, Miss Mattie Wyatt, and the hosts.

Return from Week's Outing

Mr. and Mrs. W. J. Linebaugh, Mr. and Mrs. John Wolf, Mr. and Mrs. Jim Hornbuckle and Mr. and Mrs. Ned Smith of Clearmont, and Mr. and Mrs. Howard Garrett of Wilcox returned Tuesday morning from a week's outing at Spirit Lake and Lake Okoboji, Ia.

THAT DULL ACHING.

Don't worry and complain about a bad back. Get rid of it. For weak kidneys, lame and achy backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor!

Mrs. R. Snyder, 1008 East Third St., Maryville, says: "My kidneys bothered me for some time and I had a dull pain through my back. I felt tired all the time and could not rest well at night. After using a few boxes of Doan's Kidney Pills the pains let up and the feeling of languor disappeared. My health improved generally." (Statement given October 2, 1912).

On March 31, 1920 Mrs. Snyder said: "Doan's Kidney Pills have cured me of kidney trouble for since I used them eight years ago I have had no return of the complaint." I wish to conform my former statement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mrs. Snyder had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

To You Prospective Cattle Buyers

IF YOU ARE GOING TO FEED CATTLE FOR MARKET

you should make a profit, both from the increased value of the cattle and from the fertilizer you get back for the soil

BUT SUPPOSE

some of the cattle die, by pneumonia, hemorrhagic septicemmia, by indigestion, by accident, by fire, lightning, windstorm, or one of a hundred other causes.

What would you think of an Insurance Policy costing only 1½ cents per day to cover your feeding cattle against death from any cause?

This is exactly the kind of policy issued by the **Hartford Live Stock Insurance Co.** and get this—the **Hartford Policy** not only pays you the amount originally invested in the cattle, but it is a cumulative policy, and increases in value monthly as the cattle increase in value by heavy feeding. Could there be anything better in the way of protection of profits to a cattle feeder than a policy of this kind?

When you buy a **Hartford** policy you get the protection of the safetest kind plus the service and advice of the largest organization of live stock experts in the country. There is a **Hartford** agent near you and we are that agent.

Any bank or banker will gladly tell you about the **Hartford** and about us. They will take feeding cattle as security for loans when the loan is secured by a **Hartford** policy.

We can write the same kind of a policy to cover on your feeding hogs. We also write fine cattle and horses. Our office is over Townsends, come up and we will talk it over and tell you all about it.

Child-birth

Valuable Illustrated Book Sent Free

How thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural readjustment of muscles and nerves during expectancy and child-birth. Start using it today. Mrs. E. E. Kerper, Slayton, Minn., says: "It pulled me through." Send for book today, to Bradfield Regulator Co., BA-35, Atlanta, Ga. "Mother's Friend" is sold at all drug stores.

OPPOSITION TO REPEAL OF PRIMARY ELECTION

Delegate M. E. Ford Believes Legislature Should Take Action—Rather Than Convention

Jefferson City, Sept. 14—Strong opposition began to develop in the constitutional convention against the proposal for the repeal of the primary system and restoration of the convention system of nominating candidates for state offices.

M. E. Ford of Maryville, declared that while the primary system had proved a failure and was the wrong system it would not be wise to correct the situation through constitutional provision, but to leave it to the legislature.

We made a mistake with the adoption of the primary system," declared Ford, "but if we attempt to correct it through our constitution we may make another mistake.

"If the people insist on retaining the primary when they know that it is a failure, that right should not be denied them. If the convention system is adopted by the constitutional convention and approved, there can be no change. The proper method to correct the wrong, and it is generally admitted that the primary system is wrong, is for the people to go before the legislature and have it repealed."

Mrs. M. E. Morrow of West Plains, one of the three women delegates; J. B. Daniel of Piedmont and John H. Lucas of Kansas City spoke against the proposal to restore the convention system.

The proposal as recommended by the committee on elections and suffrage provide the convention system for nominating candidates for all state offices, while the manager of nominating candidates for county and city offices is left optional with the legislature.

DUNNING SYSTEM OF IMPROVED MUSIS INAUGURATED HERE

Miss Geneva Wilfley Offers Course in the State Teachers College

The Dunning system of improved music study has been inaugurated at the Conservatory of Music of the State Teachers College and will be taught by Miss Geneva Wilfley, who has just returned from New York City where she took a five weeks course under the originator of the system. The Dunning theory is a finished and complete system of elementary instruction endorsed by the world's renowned musicians. Pupils are taught the fundamental principles of music by means of symbols, discs, rhythm sticks, movable musical characters, songs, drills and stories, and the system makes practice a pleasure. C. R. Gardner, head of the Conservatory, announces that pupils may enter at any time. The class will meet Monday for the first time.

The Dunning system is adapted to all ages and is taught entirely in classes of six, which enables the teacher to give much individual attention.

The child is taught from the three planes, spiritual, mental and physical, thus developing on all sides. The system is used by over 3000 teachers in the United States because it is successful in obtaining results.

It trains the ear so thoroughly that a child is enabled to write music by dictation. The games are like X rays thrown on the keyboard. The child's natural love of play is utilized while he is unconsciously receiving intelligent ideas. Thus the Froebel idea of making work play and play real study proves itself of the greatest value in the child's first year of music study. Sight reading forms a part of every lesson although presented in a number of different ways.

The muscles of the fingers, wrists and arms are developed and strengthened by finger gymnastics and table technique performed to the rythm of delightful little songs. The sense of rythm is stimulated and developed by rythmic exercises and songs.

Pictures and verses give an intimate knowledge of the great composers and cultivate a taste for their compositions. The Dunning system of improved music study presents each difficulty in turn in such an easy and instructive manner that the child of six or seven can grasp and comprehend its difficulties with but little mental effort and can at the age of ten attain a certain degree of proficiency.

The originator of this system, Mrs. Carre Louise Dunning, after much musical experience in this country, studied a number of years in Europe with Fraulein Prentner and Leschetizky, the renowned Vienna instructors and has their endorsement of this system. This system includes the Leschetizky technique and Faeiten principles of concentration.

MARTIN MEISSLER NOW ON ORPHEUN CIRCUIT

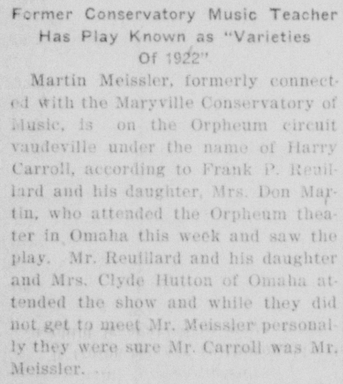
Former Conservatory Music Teacher Has Play Known as "Varieties Of 1922"

Martin Meissler, formerly connected with the Maryville Conservatory of Music, is on the Orpheum circuit vaudeville under the name of Harry Carroll, according to Frank P. Reuillard and his daughter, Mrs. Don Martin, who attended the Orpheum theater in Omaha this week and saw the play. Mr. Reuillard and his daughter and Mrs. Clyde Hutton of Omaha attended the show and while they did not get to meet Mr. Meissler personally they were sure Mr. Carroll was Mr. Meissler.

Mr. Meissler was connected with the conservatory some thirteen or fourteen years ago. After leaving Maryville he went to Pittsburgh. His play on the Orpheum circuit is "Varieties of 1922" and he gives several solos.

Few fishermen object to being called liars.

Makes Stoves Shine



Lasts Longer

Black Silk Stove Polish

is different. Lasts four times as long as ordinary polish and gives your stove a brilliant, silky finish. Will not rub off or dust off—makes your stoves look like new.

Made by a special process of the highest grade materials. Economical too—used less often and does not waste. Will not settle and cake in the can—the last drop works like the first. Made in paste and liquid; same quality, same results. Just try it—one can will convince you. Order from your dealer today.

Use Black Silk Air-Drying Iron Enamel on grates, registers, stove-pipes—prevents rusting. Use Black Silk Metal Polish for silver, nickel or brass. It has no equal for use on automobiles.

FARMERS TRUST COMPANY GIVING A CORN SHOW

Exhibitors Are to Bring in Three Ears Each—Judging to be Done October 14

The Farmers Trust Company will give a corn show to be held at the company's building and has offered ten prizes ranging from $10 down to $1 for the best exhibits.

Exhibitors are requested to bring in their corn to the trust company at any time between now and October 13, when the contest will close. Tables for the corn exhibits have been made under the direction of George L. Wilfley, president of the company. Each exhibitor is limited to three ears of the same kind of corn and all varieties of corn are wanted.

Each exhibitor's corn will have a tag on it with the name of the owner and his address. Judging will be done on October 14. After the show the corn will be sold at auction and the proceeds will be given to the St. Francis hospital of this city.

At 1 o'clock today exhibits had been brought in by Willard Nichols and H. H. Mutz.

Returned From California.

O. H. Sayler, wife and son, Norval, and Judge J. H. Sayler, of Maryville, returned last Saturday night from a six weeks' tour of the West. At Glendale, California, they visited W. Arch Sayler, who is now connected with a big land syndicate. At Boulder, Colo., they visited Vint Sayler. They had a delightful trip and saw some good country, but, according to O. H. Sayler, the best crop in California is tourists, and the way some of them spend their money, he thinks more than ever that Barnum was right when he said, "a sucker is born every minute."—Hopkins Journal.

Ready to Burn Oil.

The new oil storage tank for the Carnegie Library and city hall building has been put up on a platform and the connections made to the oil burner in the basement. Oil for the tank has been ordered.

PICKERING COMMUNITY CLUB WANTS GARMENT MAKER HERE

Two Other Clubs Have Made Requests for the Kind of Work They Wish to Have

Mrs. J. W. Wiley of Pickering, a member of the Pickering Needle Workers Club, was at the office of the farm bureau in Maryville this morning discussing the likelihood of securing an instructor in garment making to come to Nodaway County to give a demonstration school. Mrs. Wiley said that this was the project that her club wished to see carried out.

Requests were made recently of the various clubs in the county that they inform the farm bureau as to what phase of work they would like to see taken up. The Lasher Community Club sent in a letter saying that it would like to have a clothing expert come to the county. the Rockford Community Club would have a millinery expert and now the Pickering club wants a clothing expert.

It is the plan to have for the next demonstration school the work that the greatest number of clubs ask for. Representatives of the different clubs would attend the school and then in turn go to their communities and teach their club sisters what they have learned.

EIGHTY SEE HOG WORM FILMS FILMS AT CLYDE

Eighty people attended at the hall at Clyde last night the showing of the hog worm films of the farm bureau. Roy A. Kinnaird, county agent, said this morning that some of those present said that the pictures were an eye-opener. The films are to be run tonight at the Wesley Chapel and tomorrow night at Elmo.

Mrs. J. F. Hanna of Pickering left Monday evening for Hitchcock, S. Dak., for a visit at the home of her daughter, Mrs. Leslie Taylor, and family. Mrs. Hanna will be gone a month or six weeks.

Mrs. Edith Gelnn, county treasurer, went to St. Joseph this morning to spend the day.

YEHLE BENEFIT ASS'N., HOLDS REGULAR MEETING

President Uel Lamkin and George L. Wilfley Give Talks—Studying Merchandising Problems

President Uel W. Lamkin of the State Teachers College and George L. Wilfley were the speakers at the meeting of the employees and executives of the Yehle Dry Goods Company held last evening at the store. The organization which has been named the Yehle Benefit association meets regularly to study merchandising problems and formulate plans for the making of a more efficient service for the patrons of the store. Mr. Lamkin who started his career behind the counter and Mr. Wilfley who also had some experience along this line made some valuable suggestions to the organization. G. A. Pickens, secretary of the Chamber of Commerce, who said that he only wished to be on the side lines, made a few remarks, commenting on the value that can be derived by both the store and the public from such organizations as the Yehle Benefit association.

A short program was given at which Misses Aline Greeson, Ina Hollowell and Gertrude Condon gave very interesting papers on various phases on salesmanhsip. Eugene Yehle acting as salesman and Miss Marie Cook taking the part of the customer gave a demonstration of the right and wrong methods of making sales. Short talks were made by C. W. Yehle and L. B. Tracy. Chester Lyle acted as chairman of the meeting.

After the business session and program, refreshments were served in the tea room of the store.

THE LEWIS FAMILIES OF HOPKINS RETURN FROM TRIP.

Mr. and Mrs. Charles Lewis and son, Howard, and Mr. and Mrs. Paul Lewis and little daughter, Barbara, of Hopkins returned yesterday from a week's motor trip to Kansas City and Scranton, Kan. They returned by the way of Topeka, Atchison and St. Joseph and say that the new road that has just been opened from Atchison to St. Joseph is as fine as they ever traveled on. It is known as the Victor Highway. They said that there were big rains in Kansas on Friday and Saturday evenings and that they done away with the intense heat but that they had came a little too late to help the corn crop, which has suffered considerably from the dry weather.

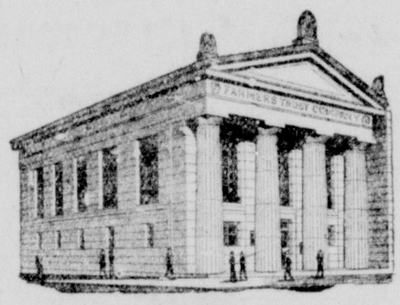
Shock Absorbers and Savings Accounts

One of our patrons is an auto enthusiast.

"My savings account," said he, "is a shock-absorber that has carried me over the rough places and has made the going easier when times were difficult. It saves me from jars and enables me to go through life serenely.

"All the attention it needs is oiling regularly."

To all of which we say "Amen."



FARMERS TRUST COMPANY

"Maryville's Bank of Personal Service"

Both Are Made in the Goodyear Factory

The same Goodyear organization that pioneered the Cord tire and the famous All-Weather Tread Cord has now perfected the

GOODYEAR CROSS-RIB CORD

Made in the same factory and by the same tire builders that have made "More People Ride on Goodyear Tires Than on Any Other Kind," the Cross-Rib Cord offers the same relative quality for the price as do other Goodyear tires.

With their immense facilities and experience in building Cord tires it is easy to understand how Goodyear can produce this new tire—at prices that equal those quoted on cord tires of unknown quality.

We have these new Cross-Rib Cords and the regular Goodyear All-Weather Tread Cords in the popular sizes.

Come in today. Let us quote on your size.
